Friday the 24th of March

Rigénée Golf Club

1st SNGG competition

President's Word

March 13 Sept 2022

When leaving my front of the very coffee that morning it was

Hi winter marmots ,

Winter is slowly ending. Unfortunately our Vice-Cpt Jean-Jacques couldn't organize any winter meeting due to weather and closure of many courses and also high greenfee prices. He wasn't lucky for this winter as responsible and organizer but thank you JJ for your effort.

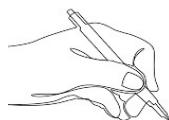

Our first competition is happening soon now. So get those rusted clubs out of the garage or cellar and polish them carefully. As for my clubs I'll have to think where they are hidden as I didn't saw a golf ball from close since last SNGG meeting. My corona problem in the beginning of July caused me a lot of problems and extreme fatigue. Last season I wasn't able to have a round without a buggy. Now it is finally improving a lot. I'll see if I can find my weapons and a lot of ammo back. Maybe I also read again the Operations Manual and GOP's.

Looking at the starter's list I noticed you are all very keen in seeing us and each other and playing again after a restricted winter season . It was opened for one day and only 3 places were still free out of the 24 available. Dany obtained 2 more flights.

I hope you survived the winter well and warm. The program is published but we would like sponsors for some competitions. Some new members volunteered this season, thank you very much.

Yves Socquet has recovered of his shoulder problem and will be playing with us again in 2023. Also Gaëtan Leysen and his wife whom some of us will remember as Sabena Flying Personnel, a great guy, is joining us. Welcome Gaëtan and Annie. A total of 6 new members are enlisted and a 7th proposed by Bernard Gosseye, Dethier Yves (Non Airline Related) from Avernas Golf will be playing as guest with us at Rigenée. We are now 82 members but a dozen didn't renew their membership yet.

The committee aims to see you all back in Rigenée on Friday the 24th of March (no sponsor yet) with your usual smile, conviviality and kindness, something we know we have for more than 45 years

Patrick Swaelens
