Golf de RIGENÉE

President's Word

Nobody is perfect isn't it! Not even Buddha and we forgive him and his "parents" of course.

This was probably the only really rainy competition day since several seasons.

Look what happened to me !!
They've rubbed my belly
the whooooooole season !!

Not many players, only 5 teams of 3 and 2 teams of 2, and I thought the reason was this extra meeting. But even at Kampenhout it was about the same attendance.

This special AM-AM formula seemed to have pleased everyone. Not very stressful except maybe for the captain of the teams.

Rigenée is always very nice and enjoyable to play. It looks an easy course but is tougher than it seems.

One guest (invited by myself) Mr. Timothy Vispoel - Lorraine's husband since the 15th of September - played in our team and is presented for membership in 2024.

For info he started golf at La Tournette end of March this year with 54 Hcp and reached 31 today (not bad at all).

Just a little story of our team, Tina Bacuzzi was captain and played as usual very well with 31 pts.

I played decently the first 9 but got tired afterwards. Timothy, more relaxed after a few holes, took over and was more successful on the back 9.

Yet the two of us only managed to score 29 points in 18 holes, really not good at all. So we were completely surprised to finish in second place !!! Incredible, thank you Tina.... for our bottle of wine .

Starters were as usual Yves and Jean-Jacques. The sponsors were again all the SNGG members with wine from our reserve and a few bottles were also given away by drawing lots.

The AG started immediately after prize-giving.

Patrick Swaelens

CLOSING PRIZE
