Golf de L'Empereur

June 24th, 2024

Exactly the opposite weather than Le Zoute. 26°C (in the shade), and rarely a little refreshing breeze, we were absolutely not used to this heat anymore. It must have been more than 9 months since we played with temperatures in the twenties. Knowing that L'Empereur is a very tiring course, I had sent a message to JJ Simons a few days earlier asking him for Lieve to stop rubbing Buddha's belly, but it didn't help.....Buddha was not programmed for this!!!! It was very funny to see our players in Bermuda shorts and.... white legs. 😊

The course is absolutely tiring as I mentioned before, very hilly and some long walks are required between the holes although the course itself is not that long, 5700m. from the yellow tees and 5000m. from the red. The layout is fantastic in the natural surroundings but probably the difficulty are the many blind shots and the lots of elevated greens. Now as at Le Zoute the rough was very nasty, dense and often quite high, meaning also many lost balls. Our Vice Captain JJ. Simons was starter (assisted by Mark Welby) and replaced Yves Paelinck on holiday. Tina and Janick, now President of L'Empereur, were sponsoring the event with some other of his friends offering very nice prizes. He held a speech (2 Presidents at the table... very rare) introducing his sponsors who themselves had a few words and explanations about their products.

During prize-giving Mark tapped on my shoulder saying he needs to sit down for a while cause not feeling well. He was very pale and sweating terribly. He was quickly surrounded by six ladies assisting him. He probably suffered from the heat and tough day. About half an hour later he slowly recovered and his complexion became normal again. Prize giving was suspended for about 30 minutes. Pat Lebon has added a note below thanking all the "helpers and assistants".

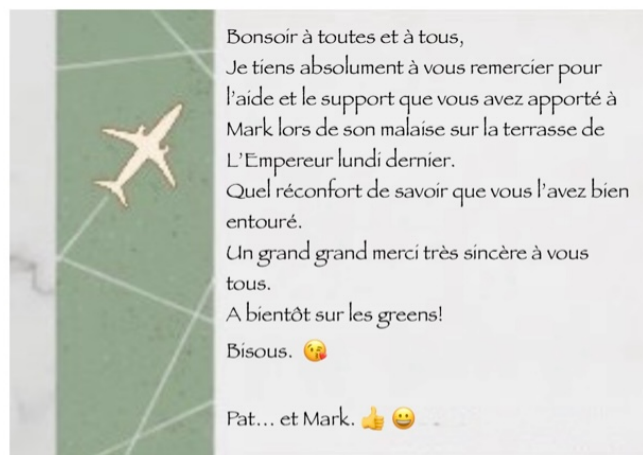

Jean-Luc presented our new members: the couple Jean-Luc Lacroix and Nicole Mommaerts, both ex- Sn, and he introduced Bruno Fromont and Mr Delvaux, both additional sponsors. Then Jean-Jacques proclaimed the winners of the day.

The BBQ was very good with lots of nice dishes and wine and surely a nice atmosphere on the terrace. But a second "incident" occurred when the lady of Baudouin Debelle missed a step coming down to the terrace and hurt her knee which started to bleed. But not too serious after all.

Next meeting at Mont Garni the longest course in Belgium but flat, It's the traditional Cpt's prize where he makes the teams in an honest way equalizing so far the sum of the handicaps of all the teams.
