President's Message

Keerbergen

April 23rd, 2025.

This was the very first time we nearly had as many Ladies as Men. 11 against 13. Most of the men were very happy with this, seeing so many charming Ladies around them.

The weather was much more favourable than expected, about 2 holes of rain and later only some drizzle but never anything very serious. The rain forecast had changed every day and even the same morning it was different again. The day after, Thursday, was much worse and it could have been really wet and colder with the chill factor equalling a feeling of 9°. So Buddha was again very favourable to us.

Therefore, many thanks (again) to the Simons couple who were also our generous sponsors at their home club.

A tragic (or perhaps comical as you prefer) incident arrived in the flight with 3 Ladies right behind us. We were playing the par 3 - 15th fairway and green when I heard a loud scream from Jo!!! I looked behind me and saw an electric trolley in the water along the 15th. Jo ran for help and had to remove his shoes and socks to go into the lake to have a chance to recover the more than half sunk gear. It wasn't easy as the golf bag was nearly fully drowned and filled with water adding a lot of weight. He hardly succeeded, wheels still turning and increasing the problem. In the meantime, the Ladies were taking... "pictures"!!!! (but I must admit that I asked them to, as it was the first time this happened in SNGG's history). Jo finished with us and made his PAR barefoot. Jean-Jacques suggested during prize giving that next time a special prize should be given "fins and snorkel" to a hero like Jo. Thank you very much for your aid.

Some said that it was Russian or Chinese sabotage!! Note that several other problems happened with electric trolleys, also myself.

For instance, at the very same moment near the 17th green, Jean-Luc's trolley self-started and went full speed across the 18th fairway towards the lake. Timothy shouted and Pierre ran so fast that he could grab the trolley less than a meter before the edge. He had to hit the stop button repeatedly to halt the engine.

One minute later, it started again but this time it went into the bush.

We were happy to see Pierre Possoz again, absent since more than a year and being retired now from Air France he will be very regularly with us in the future.

Next competition will be Spa les Fagnes on the 12th of May sponsored by Mrs Chris Geyskens, a new member who also played her first competition with us. She came in "frozen" being used to play in Asia with 30° or more. Some of us will surely remember the wet and hot conditions out there. She is an extraordinary Lady, very devoted to the people in Vietnam who suffered from the "orange agent" during the Vietnamese war in the 60's. If you want to read this very interesting story than follow the link

LEADERS

SN GOLF GROUP

LADIES

- 1 NGUYEN T. 32
- 2 PAQUOT N. 32
- 3 DEVIS L. 31
- 4 ARYS A. 30
- VAN HILLE C. 30

MEN 1

- 1 ESCH X. 37
- 2 LONDOT F. 34
- 3 PAELINCK Y. 30
- 4

MEN 2

- 1 SIMONS JJ. 35
- 2 POSSOZ P. 26
- 3 BRIDOUX JL 26
- 4

SNGG BREAKING NEWS

THIS AFTERNOON AROUND 4.00 P.M, "SHITCAT"* SIGNAL WAS INTERCEPTED BY HIGH-TECH DEVICES STRATEGICALLY EMBEDDED IN EQUIPMENT ON KEERBERGEN GOLF COURSE. ONE OF THESE MACHINES, EQUIPPED WITH A SATELLITE DISH, PICKED UP SO MUCH SIGNAL THAT IT OVERHEATED AND DECIDED TO SEEK COOLING IN A NEARBY POND !!

* SHITCAT :
SUPER HIGH INTERFERING TRANSMISSION CYBER ATTACK TECHNOLOGY

Our next competition

MONDAY, the 12th of May

IMPORTANT

please note on starting-list
if
you stay for dinner !!
