President's Message

Rigenée

August 13th, 2025

Where was Buddha ????? Has he forgotten us? It was bloody hot, you know!!! You must have lost your head ... or belly. 33° in the open fields of Rigenée with sometimes trees on one side of the fairways but rarely on both, so I think most of the walking players went from side to side to avoid the sun and find some shade.

21 players had the courage to battle the heat. Lut had a family issue otherwise she would have joined. We were very happy to see Dany Payeur (our former VP) back in our group after many surgeries (I think 7) and with a big smile on his face, a very positive sign and hope giving (especially for him of course). Let's hope that all his problems are over and to see him very often again on the fairways with us. Also very happy to have Lorraine playing with us after a year of absence. With two kids, a new job and having only twenty days of holiday left after the change, it is not easy to find and take a day-off for golf. But she played well (after 9 holes of warming up...in such weather!!!) she scored 30 points placing her 2nd of the Ladies. Now Jo Matton and myself witnessed her hitting a REAL birdie !!!! Real in the sense that on the 7th hole par 3, she physically hit... a goose !!!!! It made a loud noise when hitting the left wing of that poor peaceful animal. I'm not sure if it will ever be able to take-off again with its "handicap" (its right wing was ok but probably only half of the left one). The score of our group? After four balls in the water and one hitting the goose, it makes a total of 5 which resulted in 0 points total. Not proud.

The course was in superb condition, placing was allowed but rarely necessary. The greens were excellent and very fast, many had problems judging the pace and also finding the "line" or correct trajectory.

Our sponsors were Mr & Mrs Lacroix offering beautiful prizes which included a very nice design of SNGG golf towels. The committee is thinking about proposing them to our members in a near future. We keep you advised. Many thanks for their sponsoring and initiative.

Again, a great golfing day.

Next meeting is at Mormal, on the 5th of September. A very nice, enjoyable and relatively easy wide course, the competition will be sponsored by the Welby's. The restaurant is very good and not expensive so please if you stay for dinner mention it on the starting list.

Many thanks for reading.

Patrick Swaelens
