The President's Pen...

This course is each time extremely appreciated by our members. It was discovered by Alain Carbonez (ex-VP) many years ago and we were all so enthusiastic that we returned each year since then, thank you Alain.

The course was in very good condition especially because the next day the "Grand Prix" would be played there, this an important competition held on many courses in France limited to men hcp 11,4 and lower, Ladies 14,4 and lower. For info the French players need to have a medical certificate showing they are fit to play golf??? But for the foreigners, you only need to complete a questionnaire! (Just say NO to every question and you are in) I played it a few times but had a medical certificate. Just for the anecdote, I went to see a Doctor who asked me what was my problem..and I answered (on purpose)... "nothing" ... she looked up surprised... and I smilingly explained why I came.

Ok back to business, the course was very good, rough well cleaned but the drought had taken his toll here also with many grassless patches, so placing was allowed. Greens were fast enough but would be cut much faster next morning of course. A lot of bunkers on the course, I know, I visited a lot of them and had difficulties to make a decent shot, I found the sand rather thick and heavy like on many beaches. But... the apples and pears were ripe.

The weather was very good, sunny and a bit windy, it rained the days before but not on Friday and then again on Saturday. The distance maybe frightened some members, note that the driving distance is the same or less from around Brussels than the coast side, a pity only 21 players showed up and it was the 1st time we had more Ladies then each category of Men. 8 L-7 M1-6 M2.

The clubhouse was completely renovated and really top, but had been burglarized the night before and the safe was stolen. Sad news for the golf, less for us as they didn't steel any wine or liquor.

Our Sponsors were The Welby's & Joëlle Ziegler offering excellent Argentinian wines (the famous Lomo was impossible to bring or export)

Prize giving was inside with a restricted committee (Jean Luc not available and Jean Jacques still on cruise in the Mediterranean!!!) and held relatively early allowing many members to drive to Royal Hainaut for diner (the restaurant here being closed)

Next meeting is at Rinkven on Monday 22nd of Sept. with starting times as from 12.00 !

green fee is 95€ (25€ sponsored by SNGG)

Then on the 3th of Oct. L.L.N which was finally confirmed to Yves. Note already that the green fee of 50€ must be paid in cash, and also that for those who wish to stay for that diner it is planned in the Baita (the club house apparently not being good) and a reservation must be completed on the starting list.

Thanks for reading

Patrick Swaelens. Your faithful President.
