Keerbergen

April 15th, 2026

A fantastic golfing day in excellent weather. Only 23 members in the field, probably the least attendance ever at Keerbergen but maybe many regulars may have been enjoying the Eastern holidays. The Welby Gringos were still in Argentina finishing the stock of lomos of the country.

The reception at the desk was fantastic thanks to Laurence Collette, manager of the golf and a very friendly and joyfull lady. The greens were not in the condition we usually have at Keerbergen. They had been cored a week or two earlier, sanded and been rolled the same morning. Relatively fast but nevertheless still very bumpy and putting was difficult for all of us. The poor results were probably the cause of this.

We welcomed Bert Van Nuffel, playing his first competition and as usual, a newcomer is always in the prizes, finishing 3d in his category.

Jean-Luc also announced a request of membership from Alexandre Gazzé, Captain at Brussels Airlines.

He already paid his yearly fee but couldn't play on Wednesday.

Results were not really good and Yves therefore avoided mentioning the scores during prize giving.

For info Yves had only 4 more days to work before being retired.
And I quote : "I will be even much more available as Captain of SNGG".

The Men's nearest the pin was on the 10th and I was 6 meters away. But in the flight behind me I saw a ball just landed much closer, it was from JJ Simons. Being sponsor together with his (lieve) Lieve he didn't take the prize and so I was the lucky one. Thanks JJ and also for the generous sponsoring.

Kathryn Leurquin and Fred Allard played together in the first flight by themselves and couldn't stay after their game due to obligations, but they wrote a gentle little anecdote on their score card as you will see in the pictures.

To top of the event, we were twenty at the tables of Mika's restaurant for a tastful and convivial dinner.

Some important infos now :

* First, our next competition the 11th of May is at Royal Limburg, a real jewel that we haven't played since many years because it is more expensive than our average green fees. The survey organised by Jean Luc a few months ago showed that many members wouldn't mind to pay once or twice around 90€. The sponsor, Chris Geyskens, managed to reduce the fee from 120€ to 110€ and SNGG will sponsor 20€.

We play on a Monday but the restaurant is normally closed then. If we are at least 20, they will open for diner.

So fill in the concerned column on the starter list if you'd like to stay, please.

* Secondly, we abandon the meeting at Rinkven because Yves didn't receive any answer yet from them. We decided to replace it by Rigenée around the same date, also meaning that the end of season game and closing diner will be played at Falnuée instead. Yves is contacting the concerned places and we'll keep you advised... of course.

Another different note is that ties are no longer required even at Le Zoute, it is really out of this time today. Eventually if we would play at Ravenstein then it might be an obligation again. But for the Royals a jacket should be worn, surely for the winners.

Thanks for reading,
your devoted President Patrick Swaelens.

Patrick
