

Mont Garni 17th July 2026

The Captain's Cup

Again, a really great day to remember. A special formula, superb weather and a "standard wonderful conviviality". What can we wish more!!!

With a green fee of 36€ (2€ per hole) during the month of July, Mont Garni is very popular, so very crowded of course. Note that years ago it used to be 1€/hole. We all appreciate this course since a long time, fairways were very hard due to the drought, making the balls roll for several extra meters, nice. Not easy to pitch the greens but they weren't stone hard neither. Some preferred a pitch and run instead. Our long time Captain Yves -starter & sponsor- found another formula for his yearly competition. Divided in 2 categories, both in scramble but for the 1st one it was a "scramble scratch stroke play", meaning no strokes received and playing like the "Pro's" with the difference that they are alone and we are three players in each flight. In this category (hcp's lower than 22) Yves needed to puzzle and use his math's to equalize the total hcp's of flights. He managed very well, all flights were very close to 50 in total, but some brainwork was necessary. This formula was extremely well appreciated by the players -4 flights of 3 -and will surely be play it again. The 2nd category was the standard scramble game for 16 players in 5 flights.

We had the pleasure to see Dany Payeur back amongst us after his surgeries. Nadia Desmet was also playing her first competition after a back surgery and even won with her husband Georges & JL. Bridoux in the 2nd category. A guest today was Jos Anthonis, husband of Sabena Stewardess Magali Licantoni. He wishes to become member and immediately understood the way to convince the committee by offering it a bottle of "rosé wine" (joking of course). He will try to have Magali picking up golf again and to join us. She had 22 hcp the day she stopped. Note that Jos Anthonis had been a member many years ago, welcome back Jos.

Yves offered the prizes and announced the very high results even in a scramble. The winner flight played under Par. What formula will he have in mind for next year?

Next meeting is at The National. A very select and difficult course which we play for the first time, thanks to the assistance of Caroline Smissaert (member there) during the meeting with the manager. A very reasonable green fee of 85€ for this championship course.

Thanks for reading.
